NORMAL WINS TWO GAMES

BOTH GIRLS AND BOYS PUT ONE OVER HOLDENVILLE BY DECLUSIVE SCORES.

The largest crowd this season witnessed a basket ball double header Friday night between the E. C. S. N. and the Holdenville High school.

The girls kept up their record playing a fast winning game; and the boys game was good for a young team. Both the boys and girls are a credit to the Normal and the town as well.

Mr. Pentem announced that if our girls won they would be given an oyster supper by Mr. Rosenfeld; and that his one month old band would play. The crowd was becoming anxious for the game by this time. At last the whistle sounded and the game was on.

The girls played the first half. The game by halves. The game seemed as though it would be close at first, but after four minutes Blanche Rusing threw a

goal for the first score. After this the Normal made the score increase rapidly. A foul was called on Holdenville. Ada missed, Blanche threw another field goal, and another before they could stop it. The crowd cheered when Maud got the ball by a fast play, but she missed the goal. Hugh Biles' voice could be heard above that or the crowd crying "up high" "up high." By the efficient assistance of Grace and Margaret Maud got the ball and threw it to Blanche and made another goal. Holdenville by mere luck got a goal, making them two points. Harry Jones became excited and thought they were going to beat us, so rose into the air yelling "break it up." About this time, Maud, outplaying her opponent got another one through, making us fourteen. A foul was called on Holdenville, Ada missed, but immediately put one in from the field, making sixteen points. Someone cried "Hurry we are tired of sixteen." Clytie sent the ball with a lightning rapidity to center before it gets there Cox called time. First half up. Score 16 to 2.

Boys' First Half.

Amidst the cheering and yells of the girls the boys came on the field. Blank, our efficient center, shook hands with his opponent and the game began. Holdenville threw the first goal making them think they were going to win. A foul was called on Ada. Holdenville missed, McCain shot the ball to Ralph McMillan and he put it in tying the score. Holdenville shot another, followed by Ralph McMillan throwing one for the Normal. McCain puts one in. A double foul was called, Ada missed, Holdenville threw, making a score 4 to 6. Claud slipped one in quickly followed by another by McCain. Holdenville missed on a free throw. McCain puts one through just before the

whistle blew, making the score 18 to 7 first half.

Girls Second Half.

This time Blanche threw a goal in one minute, and they simply could not stop her until she had thrown seven goals raising the score to 32. Maud threw one making 34 and Blanche one increasing it to 36. Everybody now cried make it 40 and by the help of the fast work of Margaret, Grace, Nell and Clytie, Maud and Blanche threw two more goals, making the unheard of score of 40 to 2. Time was called.

Boys' Second Half.

This was a hard fight this time. Holdenville got the first goal again immediately followed by another.

Get the Best Out of Life!

Not so very many years ago each family supplied its own needs—wove its own clothing, grew its own food supplies, and built its own simple furniture.

Through differences in ability some people could make certain articles better than any one else. Gradually they made more and more of these goods and exchanged them for other needed things. But they could sell only to those within easy reach, because transportation facilities were limited.

Nowadays your clothing may come from the north, your hats from the east, your foods from the south, and your furniture from the west. The makers of these things must find you, the man or woman who needs their product. The means they take to bring their goods before you is advertising.

It is to your advantage, therefore, to read the advertisements in THE NEWS. That is one certain way to get the best out of life in the way of new comforts, luxuries, and necessities of an advancing civilization.

Claude threw making the score 20. The Normal got two free goals making 22. Normal fouls. Holdenville throws making them 11. McCain threw goal making them 24. Holdenville threw two field goals in quick succession followed by a free throw, increasing their score to 16. McCain threw a field goal followed by a free goal increasing the Normal score to 27. Time was called. The game ended by the Normal beating by a score of 27 to 16.

BUSINESS MEN WILL ATTEND MUSKOGEE MEETING

That Ada is fully alive to the importance of the conference on improving the relations of the farming and business classes that will be held at Muskogee February 4, is fully demonstrated by the number of representatives of the Commercial Club who have signified their intention of attending. Following is the list to date: C. W. Briles, J. W. Hays, Dr. S. P. Ross, M. R. Chilcutt, P. A. Norris, A. L. Kennedy, John W. Simpson, E. C. Gantt.

In addition to the above W. L. Reed will probably attend. The party will leave Ada Monday.

KONAWA ORGANIZING

FARMERS GIN CO.

Believing that to have a gin owned and operated by parties who produce the cotton to be ginned, the farmers of the trade territory of Konawa have organized and secured a charter to erect a \$10,000 gin plant at this place and expect to have it ready for operation by the time the ginning season comes on.

The stock is being sold to the farmers throughout the county and more than two hundred have already subscribed. In order to get as many as possible interested in the matter no man is allowed to take more than ten shares, or \$100 worth of stock. The promoters are very much enthused over the manner in which the people are taking hold of it.

At a meeting held last week a temporary organization was had in which W. C. Davis was elected president and J. M. Phillips was elected secretary.

NORMAL NEWS.

(By Moike Cassidy.)

Miss Juliet Van Hooser a student of the last two summer sessions, is here from Ryan taking the state examination.

Southwestern Normal school is to be the next victim of Captain Ralph McMillan and his husky associates, Claud Mac, McClain, Black and Swip. E. C. N.'s fighting five are all there when it comes to basket ball. See them do it next Thursday night.

The primary and manual training departments have just received a new supply of handwork material consisting of weaving looms, yarn, blocks, clay, etc.

Just here, the Normal wishes to express its appreciation of the kindness of the News management in giving space for the Normal Notes.

Lewis Brown of Sasakwa, a former student came down to see the double header last night.

The following boys are trying out for the two teams that will defeat Tahlequah and Durant in the triangular debate this spring: Virgil Riddle, Alonzo George, Bob Kerr, Harvey Black, Boone Jones, Frank McCain, Roy Robinson, W. A. Peck, Virgil Cottingham and James Waldbey. Mr. Lilly will coach the team and states that he is well pleased with the material. The question to be debated is: Resolved, that no tolls should be charged American ships for passage through the Panama Canal.

Supt. Smith of Stratford visited the Normal today and conferred with President Briles with reference to work in the summer school.

Rheumatism Affects Lungs

Pneumonia, Bronchitis, Phthisis, Asthma and Anemia Often Directly the Result of Rheumatic Blood.

If you have a persistent, nagging bronchial cough beware of cough remedies. They are merely local in action, and if they do relieve it is the narcotics that do it. What you require is a blood purifier, a searching antidote that removes from the circulation the acid poisons that by their reflexes attack all weakened, susceptible spots and thus create local symptoms. The very best remedy known is Swift's Sure Specific. You will find it on sale in any drug store at \$1.00 per bottle. It goes straight into the blood, becomes an internal blood bath, wonderfully increases the red corpuscles, cures all the local fever spots and irritations, increases appetite, you take on flesh and feel a wonderful sense of renewed strength. Hundreds of people worried beyond control at cough, pains in the chest, sore throat and constant expectation of thick, mucous have experienced the most wonderful change after using S. S. S. All doubt and apprehension is gone, those peculiar pains and aches vanish, there follows a period of most intense rejoicing to find that worst fears were based entirely upon a mistaken notion that cough and chest pains come from the lungs. These are rheumatic conditions, and you will quickly realize it after using S. S. S. for a few days. Get a bottle of S. S. S. to-day at the drug store and then say good-by to all those pains that have worried you.

SENATE TUSSELLING OVER PRESIDENTIAL BILL

Washington, Jan. 31.—Out of fear of offending the supporters of any man who has already served in the presidency one term of four years, or of a man about to enter upon his first term of four years, of administering a slap in the face of a man who has already served practically two terms and was a candidate for another term, there has arisen a complicated situation in the senate which it is now feared, will prevent the adoption of any resolution to amend the United States Constitution on this subject of the duration of the presidential term.

The democrats do not want the amendment to become effective in a manner so as to shut out President-Elect Wilson from a second term, and they therefore sought to make the amendment take effect after March 4, 1917. This was defeated.

The Roosevelt Progressives oppose Senator Williams' amendment making the Presidential term four years, but with not more than two terms to a man, because, so they declare, that would be a reflection on Col. Roosevelt's recent third-term candidacy.

Now and then there is a suggestion that the resolution be so shaped as not to cut out President Taft's chances in the future, but this is mainly said in a spirit of politeness and courtesy, that marks intercourse in the senate.

Senator Borah urges that in a matter of such vital importance as this the fortune of the individuals—Taft, Wilson and Roosevelt—should be disregarded. Then, so he contends, the matter would be simply of solution.

A man who felt sore because his local paper would not publish some statement damaging to the reputation of a man against whom he held a grudge, declared that he would never get mad at a thing true that the paper published about himself. In the next issue of the paper this item appeared: "John Blank was sober all day yesterday. This is the truth." Then there was more trouble for the editor, for somehow John did not like it, even though it was true, and told something to his credit.

COURT ENJOINS CITY OF STONEWALL

This afternoon Judge McKeown made permanent the injunction against the city of Stonewall making direct use of the school house sinking fund for the purpose of installing an electric light system for the town. However, he ruled that the city had the right to vote a bond issue on itself and purchase same with this fund. Under this decision it is probable that new proceedings will be instituted at once and the bonds voted.

THE FIRST GRAY HAIR SIGN OF AGE

Easy Way to Preserve Natural Color of the Hair and Make It Grow.

A harmless remedy made from common garden sage, quickly restores gray hair to natural color. The care of the hair, to prevent it from losing its color and lustre, is just as important as to care for the teeth to keep them from discoloring. Why spend money for cosmetics and creams to improve the complexion, and yet neglect your hair, when gray hair is even more conspicuous and suggestive of age than wrinkles or a poor complexion? Of the two, it is easier to preserve the natural color and beauty of the hair than it is to have a god complexion.

All that is necessary is the occasional use of Wyeth's Sage and Sulphur Hair Remedy, a preparation of common garden Sage and Sulphur, combined with other valuable remedies for dry, harsh, faded hair dandruff, itching scalp and falling hair. After a few applications of this simple, harmless, remedy, your hair will be gradually restored to its natural color, in a short time the dandruff will be removed, and your hair will no longer come out, but will start to grow as Nature intended it should.

Don't neglect your hair, for it goes further than anything else to make or mar your good looks. You can buy this remedy at any drug store for fifty cents a bottle, and your druggist will give your money back if you are not satisfied after using. Purchase a bottle today. You will never regret it when you realize the difference it will make in your appearance. Agents, Gwin & Mays Drug Co., Ada, Okla.—adv.

WRECK ON FRISCO

NEAR ARDMORE

Ardmore, Okla., Jan. 31.—Eight persons were injured, one quite seriously, in a wreck of east bound Frisco train No. 580, which occurred Friday afternoon nine miles east of Ardmore. The tank and all the coaches were derailed and the smoker overturned. The cause of the wreck is not at this time known.

No one was killed, but the following were injured:

Albert Denner, Kingston, shoulder and side.

Mrs. L. J. Welch, Madill, hip and back.

W. C. Carl, Ardmore, knee.

E. B. Wagner, Durwood, bruises.

D. A. Munn, Grand Lodge, Mich.; leg.

A. B. Tallafarro, Madill, bruises.

C. C. Bonner, Madill, left shoulder.

J. A. Wallace, Thackerville, left leg.

A relief train was rushed to the scene of the wreck from Ardmore and the injured were brought to this place, but none of the injured were taken to a sanitarium.

Mrs. Welch was the more seriously injured. The extent of her injuries however, cannot as yet be fully determined. None of the train crew was hurt. As a result of the wreck, traffic will be suspended for possibly a day.

Is it the Hair or the Face that makes the Woman?

If you think it is the face take another look at the two heads pictured here. One shows a girl which the most critical would pronounce beautiful. While her features are fairly perfect her greatest charm lies in a mass of fine lustrous hair. The opposite picture is identical as to features and detail except that the wealth of hair is wanting. Both of these ladies would attract attention anywhere but each for a different reason, one on account of her superb beauty and the other on account of her comical appearance. The hair makes all the difference. A woman loses her good looks in exact proportion as she loses her hair.

Newbro's Herpicide Saves the Hair

There is nothing which is so destructive to the hair as dandruff. This annoying trouble to which everyone is more or less exposed is due to the working of an invisible growth or microbe called the Dandruff Germ. It robs the hair of the mass and luster of health, burrows down into the follicle and eventually loosens the hair, allowing it to fall out. Newbro's Herpicide applied regularly and intelligently kills this germ, keeps the scalp clean and hair healthy. Falling hair is thus prevented and, if the hair follicles have not become atrophied, a new growth of hair may be anticipated. The life and luster of Herpicide hair is beautiful to see, is unmistakable. An abundance of fluffy, glittering hair is a woman's chiefest beauty and to permit its needless destruction is unpardonable.

NEWS FORECAST OF THE COMING WEEK

Washington, Feb. 1.—The second trial of the criminal anti-trust suit against the "bath tub trust" will begin in the United States District Court at Detroit Monday. At the first trial of the case the jury disagreed. The Government delayed the trial until the Supreme Court decided the civil case against the trust. That decision, recently rendered, comports the dissolution of the combination of sixteen corporations and sixty-four individuals engaged in the manufacture of enameled ironware. Utilization of the parcels post and the taking of steps which will enable the retailers to meet this competition

of the big mail order houses will be discussed at the convention of the retail dry goods and general merchants of the entire East, which will meet in Chicago Monday for a session of four days.

Other important conventions of the week will include the meetings of the International Association of Bridge and Structural Iron Workers, in Indianapolis; the National Association of Ladies' Tailors and Dressmakers, in New York city; the Hardwood Association of Master House Painters and Decorators, in Denver.

Preceding the beginning of Lent, the first two days of the week will be devoted to the annual Mardi Gras celebrations in New Orleans and in several other cities of the South.

The season of social functions at the English Court will be ushered in Tuesday with the holding of the first levee at St. James' Palace. Three days later the first diplomatic and official court reception will take place at Buckingham Palace.

Two notable weddings of an international character are scheduled for the week. The first will take place in Paris on Monday, when Miss Helena Stallo, who inherited half of the immense fortune left by her grandfather, the late Alexander McDonald of Cincinnati and New York, will become the bride of Prince Michel Murat, a nephew of the ex-empress Eugenie.

The second wedding will be that of Miss Eleanor Douglas Wise, daughter of Mrs. Frederick May Wise of Baltimore, and the Duc de Richelieu, whose mother, now the wife of Prince Albert of Monaco, was Miss Alice Heine of New Orleans. The wedding ceremony will be performed Saturday noon in the Baltimore cathedral. Cardinal Gibbons officiating.

ECHOES FROM COALGATE. Coalgate Happenings Always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises, "Is this medicine equally successful in our neighboring towns?" The generous statement of this Coalgate resident leaves no room for doubt on this point.

S. R. Barnes, Coalgate, Okla., says: "For a couple of years I was bothered by sharp pains across my kidneys and too frequent passages of the kidney secretions. I had to get up several times at night. I took medicine but nothing benefited me until I got Doan's Kidney Pills. A couple of boxes made a permanent cure. I endorse Doan's Kidney Pills even more highly now than I did when I gave a testimonial before."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

HER FRIEND'S GOOD ADVICE

The Results Made This Newburg Lady Glad She Followed Suggestion.

Newburg, Ala.—"For more than a year," writes Myrtle Cothrum, of this place, "I suffered with terrible pains in my back and head. I had a sallow complexion, and my face was covered with pimples. Our family doctor only gave me temporary relief.

A friend of mine advised me to try Cardui, so I began taking it, at once, and with the best results, for I was cured after taking two bottles. My mother and my aunt have also used Cardui and were greatly benefited. I shall always praise Cardui to sick and suffering women."

Cardui is a purely vegetable, perfectly harmless, tonic remedy for women, and will benefit young and old.

Its ingredients are mild herbs, having a gentle, tonic effect, on the womanly constitution.

Cardui has helped a million women back to health and strength.

Have you tried it? If not, please do. It may be just what you need.

N. B.—Write for: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.

STONEWALL HAS NEW POSTMASTER

J. W. Fuller has received the appointment for postmaster for the city of Stonewall. He will take charge as soon as the inspector arrives to check him in. Mr. Fuller is one of the best citizens of Stonewall and we are sure that under his management the people will not have reasons to regret his appointment. Mr. Fuller is a democrat which is of vital importance to us during the administration of Woodrow Wilson, as we want to establish several rural routes during the democratic administration.

The people of Stonewall regret very much to learn of A. H. Ward's resignation as postmaster here. While we welcome Mr. Fuller, his successor, as one of Stonewall's most estimable citizens, whom we know will make good, we cannot forget the courteous and accommodating nature Mr. Ward has so freely manifested at all times to the people of our city during his service.—Stonewall News.

BOUQUET FOR HONOR

JOHN P. CRAWFORD

John Crawford, representative of Pontotoc county came down from Oklahoma City Sunday and spent Sunday with his brother, Date Crawford. John Crawford is the wheel horse in the House of Representatives, being floor manager, which puts him in a position to be of great benefit to Oklahoma and this he is ably doing. Mr. Crawford is one of the states ablest representatives and when we begin to look around for a man to represent us at Washington as one of our congressmen, we could make no better choice than John Crawford of Ada.—Stonewall News.

WEATHER NOT TO BLAME

It's Your Condition.

"This weather simply takes the life right out of me. I can hardly drag one foot after the other," said a run-down, tired-out woman, the other day.

We want to say to every such person in this vicinity. Don't blame the weather, it's your condition. You need a strengthening tonic and the very best we know is Vinol which is a combination of the two most world-famed tonics, namely, the medicinal, curative elements of cod liver oil and tonic iron, for the blood.

A case has just come to our attention from Vineland, N. J., Mrs. Allen T. Godfrey says: "I never fail to say a good word for Vinol, for it restored my strength and vigor after I had been in a badly run-down condition for several months. Every one who is broken in health ought to know that Vinol will build them up and make them strong."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. Gwin & Mays Drug Co., Ada, Okla. adv.

Thaw's Five Years in Matteawan.

Pishkill Landing, N. Y., Feb. 1.—Harry H. Thaw today completed five years' incarceration at the Matteawan Hospital for the Criminal Insane, to which institution he was sentenced after the second jury which tried him for the murder of Stanford White found him insane. To all appearances Thaw is in much better condition, physically and mentally, than he was during the first year or two of his confinement in Matteawan. He seems to take a philosophical view of his situation and appears to be much more contented than at first. Much of his time is spent in reading or in conversation with the prison attendants and the few inmates with whom he has struck up an intimacy. Recently the monotony of his days has been considerably relieved by a magnificent photograph presented to him by his mother. So far as is known there is no plan in contemplation for the near future to grant Thaw's freedom by habeas corpus proceedings.

Oklahoma Lad Sentenced to Pen.
